Are you frustrated with spending hours and hours, sometimes days, writing proposals...only to lose the bid? Is your bottom line not where you'd like it to be?

Mindwalk Business Coaching has designed a program that can help you change all that.

Pump Up Your Proposals (PUYP) will arm you with the tools you need to **land more jobs with less time and effort**...so you can spend your time doing what you enjoy...creative design.

How It Works

Hands-on learning and in-person coaching get better results. Period.

With *PUYP* you'll receive a power packed half-day session with a team of expert coaches at *your* place of business.

On the day of your *PUYP* session the Mindwalk team will:

- *Arrive* at your office at 8 a.m.
- *Analyze* five to ten of your past proposals.
- *Teach* you how to make them more persuasive for better results.
- *Create* a template *specifically for your business* to simplify and speed up your proposal writing.
- *Make* a customized checklist for your proposal process.
- *And...be* out of your hair by lunch time.

The Bottom Line

It's simple. Mindwalk's *Pump Up Your Proposals* coaching program will help you:

- Boost your company's income
 - Mindwalk clients report, on average, a **32.3% increase** in their “win rate.” More Wins = More Revenue

- Have more time to design
 - With a simplified proposal process that's easy to duplicate, you'll be able to focus on the fun stuff...your design projects.

"The coaching program was the best money we've ever spent. The new proposal template we developed with the Mindwalk coach helped us win five new web design projects, and a top price. We probably would not have got those projects otherwise."

~ J. Smith, *Smith Web Designs*

An Added Bonus

Your success = Our success

...so you won't be abandoned after your session.
